

WRNF Request for CCI Assistance

2015

Dillon RD CCI Needs Summer 2015

1) Burn pile rehab (Keystone, Swan, Barton, Peak 7 South) scatter or pile burned debris depending on amount, scarify soil, spread grass seed. (Contact Sarah Pearson)

2 weeks timing is flexible, after snowmelt

2) Hand fuel treatment (Sierra Bosque) (Contact Michael Braudis or Sarah Pearson). Cut down trees and pile material for later burning in WUI zone. Work will be around the SW corner of Sierra Bosque on slopes that were too steep to mechanically harvest.

1-2 weeks timing is flexible

3) Trail clearing of beetle related blowdown on non-wilderness system trails (Contact Tyler Kirkpatrick)

- Ute peak and ute pass trail
- Harrigan creek trail
- Ptarmigan trail
- Straight creek trail system
- Tenderfoot mountain trail system
- Ophir mountain trail system
- Golden horseshoe trail system
- Spruce creek trail system
- Colorado trail (hwy 9 east)
- Colorado trail (miners creek to corn lot)
- Colorado trail (copper mountain to Searle pass)

Estimate 4 weeks June/July preferred

4) WUI strip cleanup around Mesa Cortina/Wilderness and Three Peaks subdivisions (Contact Ross Wilmore)

1-2 weeks timing flexible

5) Slash clean-up from hazard tree work along Miner's Creek and Peak's trails. (Contact Ross Wilmore)

1-2 weeks timing flexible

6) Fell whips and pile slash in Barton area (Unit 1?) Buck and debark blowdown trees in Barton Unit 6. (Contact Sarah Pearson)

1-2 weeks timing flexible

7) Fell boundary trees in completed treatment units. (Contact Sarah Pearson)

1-2 weeks timing flexible
